**INTAKE DEVICE FOR INTERNAL COMBUSTION ENGINE AND  
METHOD OF MEASURING INTAKE AIR AMOUNT**

**REASONS FOR ALLOWANCE**

The following is an Examiner's statement of reasons for allowance:

Claims 1-6 have been found to be allowable over the prior art due to the Applicant's amendments to independent claims 1 and 4. Specifically, the added limitations regarding the position of the sensor element with respect to the air intake path axis.

The Applicant's arguments with respect to the restriction valve and the air flow rate sensor were considered but were not found to be persuasive and thus not the reasoning for allowance.

Any comments considered necessary by the Applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
